<ul style="list-style-type: none"> • Evaluation <ul style="list-style-type: none"> • Overview of Evaluation: Two-year grant to understand how the demonstration is implemented, are we delivering better quality services, are there better outcomes, and provide cost analysis. Planning to use existing data collection tools but may use surveys for additional future needs. • Introductions from the CHRT Team—Jonathon, Sheritha, Poonam, Melissa—welcome and look forward to working with you! 	Amy Kanouse CHRT Evaluation Team
<ul style="list-style-type: none"> • Discussion Items <ul style="list-style-type: none"> • \$0 on SUD BG Encounters: Not applicable in all regions/T1040. If reporting \$ for SUDBG, please put \$0 on T1040 • Encounter Submission Timeline: <ul style="list-style-type: none"> i. Challenge of 3rd party encounter claim. Changed to 30 days for PIHP to state, but discussion for defining a different timeline for handbook. Will shift to adjudicated timeline for CCBHCs as well. • COFR-CCBHC will provide services regardless of county of origin. COFR arrangements should continue for non-CCBHC services. • Satisfaction Surveys – planning for DY3, considerations of a new statewide survey or continuing to develop a way to adapt existing surveys for reporting to CMS. CMS may issue additional guidance with metric guidance. 	MDHHS, CCBHCs, and PIHPs
<ul style="list-style-type: none"> • Additional Discussion <ul style="list-style-type: none"> ○ MSA Bulletin MMP-23-10, Telemedicine Policy Post COVID-19 Public Health Emergency— CCBHCs concerned it does not go far enough and does not take staffing into account, the preference of the patients, how we provide services, etc. Please provide additional feedback to providersupport@michigan.gov ○ Expansion of CCBHC in budget covers current expenses, if additional funding or amendments become available the expansion may happen. ○ WSA administrative burden: Is it possible to look at working with WSA Developers to transfer data between health records & WSA—administrative burden is massive for providers—and two-way communication in the systems would be beneficial. Consideration for future years. 	All
